GLOSSARY OF TERMS

CDA (Child Development Associate)

Credential – To learn more about the CDA, visit www.CDACouncil.org

PAT (Parents As Teachers) Credential

Infant Learning Program (ILP) – The Alaska ILP program, also known as the Early Intervention (EI) or Part C program, is a federally funded special education program that provides supports to infants, toddlers and their families (birth to age 3). Part C is a subsection of the Individuals with Disabilities Education Act (IDEA) which governs special education, specifically children birth to age 3. There are EI/ILP/Part C programs throughout Alaska.

EI/ILP Related Fields – Associate Degree

Related Fields for Level 8: Early Childhood Care and Education, Early Childhood Development, Early Childhood Education, Early Childhood Special Education

Associate Related Fields that require

licensure for Level 9: Speech Language Pathologist Assistant, Certified Occupational Therapy Assistant and Physical Therapy Assistant

Developmental Specialist Related Fields for

Levels 9, 10, 11 & 12: audiology, early childhood special education; infant mental health; family therapy and counseling; nursing (including LPN, RN, midwife, health aide); orientation and mobility training; pediatric or other medical specialty; physical therapy; occupational therapy; psychology; social work; special education (including teachers of children with hearing impairments, vision impairments or language disorders); speech and language pathology; language disorders; vision training; dietitian; other related fields as determined by the State ILP office including nutrition, family studies, early childhood development and education

Part C Credential – In-service training credential required of all Alaska EI/ILP service providers who work 20 hours or more per week in an Infant Learning Program. All EI/ILP Service providers who meet that criteria must successfully complete the Part C Credential process through the Part C state office and provide their certificate of completion to SEED within 6 months of their start date to move from provisional to professional status on the SEED Registry.

Certification/Licensure – Teachers are issued teaching certificates by the State's Department of Education. Other professionals, such as Occupational Therapist, Speech Therapist, etc. are issued licenses to practice their discipline by the State licensing board particular to their profession. It is the responsibility of the EI/ILP service provider to maintain an active teaching certificate or professional license and keep it updated with the SEED Registry.
