Comments:

“close contact” means being within 6 feet of an infected person for a cumulative total time of 15 minutes or longer starting from 48 hours before they started showing symptoms [or for individuals without symptoms, 48 hours before the date the positive test was collected] until the time the infected person is isolated.  Close contact also happens if someone with COVID-19 coughs on you, kisses you, shares utensils with you, or you have contact with their bodily fluids.
