- Must be able to provide 3 references.

Job Description:

Childcare Teacher, supervised by the Childcare Program Administrator

This position is responsible for providing a fun and stimulating learning environment for preschool children, with an additional focus on sharing the Alutiiq culture.

- Develop a stimulating and creative program suitable for preschool children. Help them learn through experience, imagination & discovery. Use a wide variety of exploration play through sensory, physical movement, social emotional, and outdoor activities.
- Introducing routines that students will be exposed to in school.
- Providing a warm atmosphere of acceptance and nurturing encouragement where students will feel happy and comfortable.
- Utilize a variety of teaching techniques (storytelling, educational play, dramatic play, media, etc.) to teach children.
- Encourage independence through positive self- image for each child. Help them develop their social emotional competencies and build self-esteem.
- Encourage children to interact with each other and resolve occasional arguments while modeling best practice for each situation. **Redirect, Remove, and Reflect**
- Guide children to develop their artistic and practical capabilities through a carefully constructed curriculum (identify shapes, numbers, colors, do crafts, etc.)
- Organize nap and snack hours and supervise children to ensure they are always safe. Always know the location of each child and what they are doing.
- Communicate with parents regularly to understand the children's background. Parents and Staff who work together can better provide an optimal learning environment for children.
- Collaborate with Administrator and co-teachers.
- Maintain a clean and tidy classroom consistent with health and safety standards.
- Participate and complete all required trainings.
- Other duties as assigned.

Benefits: Medical & Retirement benefit packages available.
